This architectural floor plan shows a bathroom layout with a grid overlay. The grid consists of squares that are 20 units wide and 10 units high. The dimensions are labeled along the top and left edges of the grid. The top edge is labeled with '20' repeated 10 times, and the left edge is labeled with '10' repeated 10 times. The bathroom features a toilet in the bottom right corner, a sink in the top right corner, and a shower area in the bottom left corner. The shower area is defined by a curved line and a straight line, with a dimension of 20 units indicated. The sink area is defined by a curved line and a straight line, with a dimension of 20 units indicated. The toilet area is defined by a curved line and a straight line, with a dimension of 20 units indicated. The floor plan is overlaid on a grid of squares that are 20 units wide and 10 units high. The dimensions are labeled along the top and left edges of the grid. The top edge is labeled with '20' repeated 10 times, and the left edge is labeled with '10' repeated 10 times. The bathroom features a toilet in the bottom right corner, a sink in the top right corner, and a shower area in the bottom left corner. The shower area is defined by a curved line and a straight line, with a dimension of 20 units indicated. The sink area is defined by a curved line and a straight line, with a dimension of 20 units indicated. The toilet area is defined by a curved line and a straight line, with a dimension of 20 units indicated.
